

## Honored and Esteemed Citizen Enters Beyond

Allen Prewitt, Sr., one of our most highly respected citizens, passed into the beyond on Tuesday, the 14th, at his late home in this county after an illness of many months, during which time he suffered much, bearing the intense pain heroically and free from murmurings. He was a son of James and Henrietta Dawson Prewitt, was born in this county August 13th 1844 and was of a family of fourteen children. He had lived on the farm where he died for 52 years and was a prosperous farmer. His wife, Mary Vance Reid Prewitt, preceded him to the grave about two years ago. He is survived by one brother, Clifton Prewitt, one sister, Mrs. N. B. Young and seven children, Judge H. R. Prewitt, Marcus A. Prewitt, president of the Exchange Bank of Kentucky; Richard Prewitt, Mrs. Tandy Chensault, of the county; Mrs. F. A. Jackson and Mrs. J. L. McChord, of Winchester, and Mrs. C. T. Evans, of Mississippi.

When a young man Mr. Prewitt united with the Bethlehem Christian church and later placed his membership with the Mt. Sterling church, and died as an active believing communicant. Funeral services were conducted at the late home this morning at 10 o'clock conducted by his pastor, Rev. Clyde Dorsie and his body was consigned to earth in the family burying ground.

We had known Mr. Prewitt intimately and of him our words are of praise. He loved his family, his neighbors, his country, his state, with nothing of malice in his nature. He was a careful, studious reader and we could say of him that he was a student that was well informed as to the issues that concerned most the vital interests of the nation. A Democrat that accorded to all men the same rights that he claimed. For four years he served this county as magistrate and it was said of him he would give from his own storehouse rather than draw from his county even for those in dire distress and for whom it was the county's duty to provide. He was a just man to whom no adverse criticism could be charged. His life was an open volume with each chapter and paragraph conveying thoughts helpful and encouraging to him who would pass his way. The children have in his life a character worthy of emulation. May his mantle fall on worthy sons and daughters and may their lives be as his, just, affectionate, led onward and upward, attaining a goal, the end of which is of that peace and joy of which God is

## Christmas Dance

Plans are being made by the Sterling Dancing Club for their annual Christmas Dance, which will be given at Trimble Hall on the evening of Tuesday, December 28th. Music will be furnished by Smith's Orchestra and a large number of visitors from over the state will be in attendance. The college girls and boys will be here for the dance and it promises to be one of the biggest and best in the history of the club. Messrs. Jack Owings and George G. Hamilton are the committee on arrangements.

## LUMP COAL

None better and no one need come after coal now and return home with an empty wagon, for the Mt. Sterling Commission & Storage Co. have just unloaded 18 cars and have more on the road. Send your wagons in now. S. P. GREENWADE.

## LICENSE TAGS NOW AT COUNTY CLERK'S OFFICE

Owners of automobiles, trucks and motorcycles can now secure their license tags for 1921 at the office of County Clerk Keller Greene. Every automobile, auto truck and motorcycle owner must secure a license tag before he can run his car after December 31st, 1920. Unless owners of these machines begin to take out licenses, soon many of them will be unable to get waited upon promptly the last few days of the year.

## FLOUR! FLOUR!

The best that money can buy is at the Mt. Sterling Commission & Storage plant. You buy here the best grades for breads and cakes. You will want a sack of this flour to make your Christmas cakes from.

## WOMAN POLICE HEAD RESIGNS

Mrs. Ellen A. O'Grady, deputy police commissioner of New York City, resigns and gives as her reasons that she had been hampered in her work and that she, under the sharp criticisms administered to the board by the newspapers of the city, could not continue as one of the commissioners and retain the respect of the good people of New York City.

## Married in Portsmouth

Friends in this city will learn with great surprise and interest of the marriage of Warren Bain Robertson, of Columbus, Ohio, formerly of Mt. Sterling, and Miss Agnes Taylor, of Ashland, which took place yesterday in Portsmouth, Ohio.

Mr. Robertson is the son of Mr. and Mrs. Elisha Robertson. He was born and raised here and is widely and prominently connected. He is in the insurance business and while still quite young is rapidly forging his way to the top in his chosen profession. His bride is a well known and popular society girl. The couple will reside in Columbus.

## PAINFUL ACCIDENT

Charles B. Hainline, while at work in the barn at his farm near the Levee, this county, Saturday, struck a rusty nail in his right foot a depth of one inch and is confined to his home on Holt avenue. The wound is quite a painful one. It is thought Mr. Hainline will be all right in a few days.

When you get a sack of Mansfield's Best you need not have any failures of cakes. For sale at Wilson's.

## FORMER MT. STERLING BOYS

George A. Joplin has resigned as city editor of the Danville Messenger and will leave the first of the year for Lexington, where he will take a position with the Great Southern Refining Co. His brother, Vaughan Joplin, has been with the Great Southern for several months. These young men are sons of Rev. George A. Joplin, the well known Presbyterian minister, and resided in this city many years. Both of these boys are rapidly forging to the front in a business way and their friends here will be pleased to learn of their success.

## PROPERTY SOLD

W. Hoffman Wood, as agent, sold for Ellis Salyer, his two-story residence and grounds on Holt avenue, and a vacant lot fronting on Antwerp avenue to Edward Dennis, of Torrent, for around \$7,000. Possession will be given at once and Mr. Dennis and family will make their home at the place.

## WILSON'S HOME IN SHELBY COUNTY ROBBED

While Mrs. Joe Wilson, of Shelby county was here visiting the family of her father George Owings, and at a time when Mr. Wilson was spending the night at his father's home in Bagdad a thief broke into their home and took jewelry and clothing valued at hundreds of dollars.

## RESIGNS AS LIBRARIAN

Mrs. Marcia B. Hoffman, who has served so efficiently as librarian at the City Library for the past year, has resigned her position. Her successor has not yet been selected and Mrs. W. A. Samuels is temporarily in charge.

## Birthday Celebration

It has been the custom for several years past, of the Senior Class of the County High School to celebrate the birthday of their beloved superintendent, Prof. M. J. Goodwin with a birthday dinner. Last Friday the Class of 1920 according to the usual custom and in keeping with their wishes, honored Prof. Goodwin with a delicious and well appointed dinner. The menu was prepared and served in the domestic science department by the Senior Class. Seated at the table with Prof. and Mrs. Goodwin were the other members of the faculty, Prof. Lewis, Mrs. Lewis, Miss Marguerite Newmeyer, Miss Grace Maxwell, Miss Stella Copher and Mrs. Ila See Zimmerman. Mrs. Zimmerman was also an honor guest. The occasion being the celebration of her birthday.

## COAL! COAL! COAL!

Stone coal in the lump and cannel coal that can be lighted with a match. Rush your wagons to the yards of the Mt. Sterling Commission and Storage Co., that your demands may be supplied.

## SHELBYVILLE HAS CURFEW LAW NOW

All good Shelbyvillians are supposed to be in their homes by 11 o'clock at night according to the Shelbyville city council which has just issued an order to the police to question anyone found out after that hour.

Anyone caught on the street in the forbidden hours will be questioned by the police and if their answers are not satisfactory they will be given a night's lodging in the city jail, under the order.

## NEW PUMP INSTALLED

The Mt. Sterling Garage has installed this week a modern Bowser Five Stroke Gasoline pump, at the front of their garage on Main St. The pump is one of the newest and latest patterns and will be of great assistance in taking care of their rapidly increasing business.

## BIG PRICE FOR FARM

W. D. Judy sold Monday to G. H. Alexander his finely improved farm of 30 acres and fine modern improvements near Bethlehem church in Clark county for \$17,000, or an average of \$566.66 per acre.

## MOVES TO HIS CITY HOME

## Southern Tobacco Shows Slight Recovery

Slight improvement is noticeable in the reports on tobacco price averages in Southern looseleaf markets received at the headquarters of the Burley Tobacco Growers' Association. Averages of six North Carolina markets and two Kentucky sales centers last week were:

Durham, N. C.	\$24.50
Henderson, N. C.	19.84
New Bern, N. C.	14.22
Oxford, N. C.	22.20
Rocky Mount, N. C.	19.50
Winston-Salem, N. C.	18.86
Louisville, Ky.	12.30
Owensboro, Ky.	7.58

The North Carolina markets will close Friday for the season, although much of the tobacco crop of the state remains unsold. The decision to close was made by the warehousemen.

Tobacco growers in the burley belt who do not receive questionnaires, sent out by the Burley Association in co-operation with the Bureau of Crop Estimates of the United States Department of Agriculture, are urged to send in the information desired, voluntarily in a statement issued Wednesday by President John W. Newman.

Growers are urged to answer the questions as pertaining to their own individual crops and send in the information as soon as possible. The questions asked are:

How many acres of burley tobacco did you grow in 1919?

What was the average yield per acre in 1919?

How many acres of burley tobacco did you grow this year?

What is the estimated average yield per acre (weigh some samples if possible)?

What per cent of your 1920 crop is low grade tobacco? (Consider low grades as including black trash, house-burned, hail-cut, worm-eaten, green, black tips and damaged by rust or wildfire).

## 18 CAR LOADS OF COAL

Was yarded today by Mt. Sterling Commission & Storage Co. The proprietor, Mr. S. P. Greenwade, asks the country people to rush their wagons in and have their coal houses filled with the best stone or cannel coals.

#### CHRISTMAS THOUGHTS

Chime soft and low, glad Christmas bells!

We, too, will sing,  
Will bring our gifts more precious far

Than frankincense, or costly myrrh  
To Christ our king.

Our consecrated lives we'll give;  
With trusting, loving hearts we bend

To plead for grace and strength to live,  
And honor him, our precious friend.

—Selected.

When we meet happiness on the highways the great mistake we make is failing to ask him to go home with us and spend the rest of his life.

#### MOVE GIRLS AT PINE BLUFF

It was learned here that the Girls' Industrial School at Pine Bluff, in Shelby county, established two years ago by a clubwoman of Louisville, co-operating with the State Board of Penal Institutions, and to which a number of girls from the State House of Reform at Greendale, were sent as inmates, has been temporarily located and the five girls there transferred to the Greendale Reform School. Inadequacy of the buildings at Pine Bluff comfortable for the winter is given as the cause for the move.

# WHERE XMAS COMES FROM

By T. C. Harbaugh

From the land of song and story,  
Angel-kept and old as Time,  
Where the lily in her glory  
Reigns the Queen of Judah's clime.  
From the village of the stranger  
Where the infant Savior lay,  
Cradled in a humble manger,  
Christmas comes to us today.

From the fields where grew the  
flowers,  
Where His childhood flitted by,  
Where He spent the fated hours  
'Neath the burning Orient sky,  
And from where the roses scrambled  
Over hedge and mossy wall,  
Carpeting the paths He rambled,  
Christmas comes to greet us all.

Kedron still its song is singing  
To the far off Orient sea,  
And the tuneful bells are ringing  
In the old year's jubilee;  
Children pluck the lily blowing  
On her ever graceful stem,  
And the lazy herds are lowing  
On the plains of Bethlehem.

Where He trod the paths of sorrow,  
Where He felt the wound of thorn,  
Where He longed the brighter  
morrow  
Dawns the holy Christmas morn;  
Where the gentle day discloses  
Happiness on land and sea,  
Once He blessed the gentle roses,  
On the shores of Galilee.

Aye, from humble hut and steeple  
In that land that lies afar,  
Rise the anthems of the people  
To the glowing Christmas star;  
There is told the olden story  
How amid the scented hay,  
Christ, the Savior, came from glory  
Upon earth's first Christmas day.

Set the bells of Christmas ringing  
It is time's best jubilee,  
For to us again they're bringing  
Messages from oversea;  
Let the hearts of all be lifted,  
Hope the fiercest tide can stem;  
Let the darkest clouds be rifted,  
Christmas comes from Bethlehem.

# THE SNOW AT CHRISTMASTIDE

Softly falls the winter twilight  
O'er the gray old town,  
With its firelit windows brightened,  
With its ancient byways whitened  
By the pure snow floating down  
From the heavens far and wide—  
Peaceful snow at Christmastide.

In the shadows of the forest,  
As the night-wind stirs,  
All their crosses high uplifted  
Where the starry flakes have drifted  
Stand the silent ranks of firs,  
By the bright snow glorified—  
Radiant snow at Christmastide.

From their lofty belfries telling  
Of the Savior's birth,  
Carillons and chimes are ringing,  
Like the angel chorus singing  
"Joy, good will and peace on earth!"  
While the snow falls far and wide—  
Blessed snow of Christmastide.

## NOW THE SILVER BRICK GAME

Variation of the "Gold Brick" Swindle Which Numbered Its Victims by the Thousands.

Silver bricks, if astutely handled, may prove as profitable as the gold bricks of old. In this story from Texas, New York, once famous as a gold brick market, plays a part. A Laredo business man recently received two bricks, apparently of silver, from a person in Matehuala, Mex., with instructions to sell them on commission at \$16 a pound. The Laredo man engaged some one else to peddle the bricks for him, and a sale to a firm of Mexican commission men there was negotiated, they paying \$535 for the bricks which they believed to be of pure silver and which were sold to them in good faith. Forthwith the commission men sent the silver bricks to a trust company in New York with instructions to sell them at the present market price of silver. A few days ago a telegram was received by the unfortunate Mexican firm stating that the supposed silver bricks had been sent to the mint—and returned with the information that they were worthless. The denouement is: "The man in Matehuala has his money, the Laredo man has his, while the members of the commission firm have two bricks, and are minus express charges.—New York Evening Post.

## LIKE TO SHOW AUTHORITY

"Sergeant-Majorism" is by No Means Confined to the Men Clothed in Army Uniform.

The war has been responsible for many new words, and the term "sergeant-majorism" conveys a meaning which is well understood, not only in the British army but by the average civilian, though not always by this title. A good sergeant-major is invaluable in the army, and it is the ambition of nearly every soldier to rise some day to the dizzy heights of a warrant officer. The sergeant-major has a certain amount of power, and sometimes tries to make things uncomfortable for those who do not "bow down" before him. Unfortunately, the type of person who flaunts his petty powers in one's face is not confined to the army, and because there are today few people who have not met with this type, the term "sergeant-majorism" has, not unnaturally, come into more or less general usage.—Christian Science Monitor.

## POWERFUL CAR DUMPERS.

There are many powerful car dumpers in this country, but the largest and most interesting installation of this character is that of the Norfolk & Western railroad at Sewell's Point, Hampton Roads, Va., which has been in operation but a short time. The new installation handles two 60-ton cars simultaneously. Two loaded cars standing end to end are overturned sidewise, and their contents dumped. American dumpers always operate by overturning the cars sidewise, thus differing from standard British machines. These latter tip the cars endwise.

## NEW WAY TO GET LANOLIN.

Before the war nearly all the lanolin was made in Belgium and Germany by secret processes. A company just formed in Melbourne, Australia, has discovered a process of extracting the grease from wool at very cheap cost, and the product is absolutely pure.

## THE EFFECT.

"Why do you insist on sending me all these flowers?" inquired the man charged with homicide.

"To cheer you," exclaimed the exaggerated sentimentalist.

"But they don't cheer me. They make me think of funerals."

## WILSON TO ADOPT 25 EUROPEAN CHILDREN

President Wilson has called upon his "fellow countrymen" to contribute funds to save 3,500,000 children who "are facing starvation in Central Europe." The President announced that he would adopt twenty of these children as his temporary wards.

"Three and a half million children are facing starvation in Central Europe," said the President's statement. "It is estimated that they can be tided over until the next harvest by many and service equivalent to \$30 per child. The countries involved can furnish two-thirds of this cost in the personnel and machinery for distribution, but for the other one-third they look abroad,

and are looking to us.

"Since 1914 our people have given with unparalleled generosity, and they should not be lightly called on for additional charities. But there is a life and death situation in Central Europe, where orphans, destitute, famished children, pitiful consequences of the World War, must die unless aid is sent.

"Ten dollars contributed through the European Relief Council will save the life of one child.

"At Christmas time, peculiarly the children's feast, we should think of this sad European problem in terms of children rather than in money."

Don't look too far ahead: You go to bed to rest, not for the purpose of getting up and going to work again.

## ROYAL PERSON WELL GARBED

Gentlemen of fashion today are mere paupers when it comes to attire, as compared to what King Augustus III. of Poland deemed necessary to his comfort. He filled two great halls with clothes and had a special watch, snuff box, sword and cane for every one of his hundreds of suits. To go with them he also had 1,500 wigs. Five artists were kept busy painting miniatures of the clothing and keeping these paintings in a catalogue that the king might select from each day as he rose.

He took the lovely countess of Cozelle as his wife, and the mere fact that she had a husband already mattered little. He appeared at her door one day with a horseshoe in one hand and a bag of 100,000 crowns in the other. The gold he tossed at

her and she scattered it in wild and generous instincts and the horseshoe he broke with his bare hands to demonstrate his strength and determination. The lady, impressed, got rid of her husband at once, obtaining a divorce of the sort that allowed of remarriage. Suspicious historians have hinted that the horseshoe might have been filed a bit before the kingly hand tore it apart.

## NOTRE DAME STAR

George Gipp

Eyes of sport followers in the middle western states are centered on South Bend, Ind., where in a hospital there George Gipp, famous athlete of Notre Dame college, is battling with pneumonia. Gipp is virtually an all-American choice for backfield football position this fall. He is also a good baseball player and has been offered a contract with the Chicago Cubs.

## CHRISTMAS TIMES

Christmas times in Georgy! I know it by 'th eway  
The little boy is talkin' 'bout the toys every day;  
Fer he's seen 'em in the winders wher' his mother walked along.  
An' "What you going to buy me?" is his everlastin' song!

Christmas times in Georgy! jest as sure as fate;  
Know it by the little girls that hang aroun' the gate,  
Waitin' with a kiss fer me when evenin' comes along;  
An' "What you goin' to buy me?" is their everlastin' song!

Christmas times in Georgy! 'Pears to me that they  
Are in a powerful hurry for to 'mind you of the day;  
As if the old-time fellers that's lived so mighty long  
Didn't know the time o' Christmas 'thout that everlastin' song!

But—thank the Lord, there's some-one in the homes aroun' us yit  
To kiss us all fer Christmas so's we never kin forget!  
An' thank the Lord fer little ones that think the time is long  
An' make us young forever with the music o' that song.

## Want to Feel Just Right?

— Take an NR Tonight —

JUST TRY IT AND SEE how much better you feel in the morning. That "Togey," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

**TROUBLE IS**, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

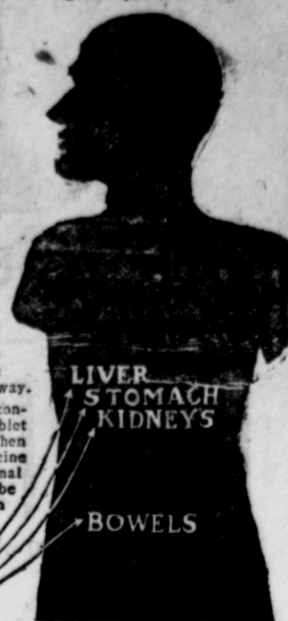

**Nature's Remedy (NR Tablets)** acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

## GO FORWARD

Forgetting the things that are behind us in war and peace and business and losses, let us press forward that we may regain business, recoup losses, that we may recreate prosperity and employment, that we may bring happiness where there is now poverty and sorrow, and profitable employment for the millions seeking work.

The task before us is big enough to stir the heroic in American manhood, but the prizes to be won are great enough to stimulate all the latent ambitions of every man and woman.

Here are 105,000,000 people, taken as a whole the most virile, energetic and resourceful in the world, living under one flag, unvexed by the arbitrary dividing lines of European nationalities, occupying as trusts the most richly endowed and superbly located country known to man.

Our resources are beyond the power of our minds to grasp or of words to portray.

Here in almost endless abundance are the resources on which to build an industrial and agricultural wealth greater than that of all the world today.

With 6 per cent of the world's population and 6 per cent of the world's land area, we already produce from 40 to 60 per cent or over of nearly all the greatest products of the world; have nearly half the world's railroad mileage and a third of the world's accumulated wealth, and this wealth is more evenly distributed than in any other country on earth through all the ages of the past or present.

And yet we have scarcely begun to develop our natural resources as measured by their vast extent.

Let us, therefore, forgetting the blunders of the Federal Reserve Board and the losses which it has brought, go forward.

Let us build a mighty network of highways, so badly needed; let us modernize and extend our rail and water transportation facilities, build the million or more dwellings so badly needed, build the schools, hotels and churches required to keep up with our growing population.

There is enough work which needs to be done, and the doing of which

would enrich our country, to keep fully employed every labor in the country.

Down, then, with pessimism and inactivity, and up with optimism and progress! Forward! — Manufacturers' Record.

## CHRISTMAS TIME

## CHAMBER OF COMMERCE COMMENTS

Our meetings are getting more live, more interesting and better each time—why—because the members the getting the "hang" of the thing and nearly every one is taking an active and live interest. It takes the close co-operation of ever' bloomin' soul to get the desired results and we are glad that our goal is about reached in getting the various members to realize this.

The Merchants' Day meeting of the Chamber of Commerce was as predicted—a dandy good meeting—48 members "on deck." A very interesting talk was given by Mr. L. T. Chiles on co-operation and if the merchants and people of this community would follow his suggestions we would then be in a position to live up to our motto—"United We Stick—Divided We're Stuck." Other interesting talks were made by Capt. Petry, C. B. Patterson and others.

The matter of cleaning the streets was referred to the Abuse Committee with instructions for them to in turn take it up with the City Council at its next meeting. Everything will be done by them to get relief from the present dirty streets.

## PUBLIC SALE

In this issue on the editorial page is the advertisement of the public sale of live stock of G. W. Maze. We ask our readers to consider every line of it. All of the live stock are in the very best condition and Mr. Maze will give a clear and correct statement as to condition and disposition of each animal.

This sale will be a rare opportunity for the farmer to get what he wants for the approaching season at a price under the hammer. Mr. Maze will not leave Mt. Sterling, but will be here permanently. We are not at liberty to print at this time the business he will engage in, but it will be a big business and worth much

## GETS \$25,000 VERDICT

Mrs. A. H. Hargis, of Jackson, who formerly lived in Clark county, received a verdict this week against the L. & N. railroad company in the Breathitt Circuit Court for \$25,000. When the L. & E. company, now the L. & N., first constructed its lines through the farms of Mrs. Hargis, trestles were built across small streams, but some time ago these trestles were filled by the railroad company, it was alleged, without the provision for proper drainage for streams, thus rendering the land of Mrs. Hargis, as she claimed, unfit for cultivation by reason of the numerous overflows.

## CARL BYRD MARRIED

Friends in this city will learn with interest of the marriage of Lieut. Carl Byrd, formerly of Win-tio Mademoiselle Catherine Jancovesco, of Bucharest, Roumania.

Lieutenant Byrd is the son of Mr. and Mrs. A. Floyd Byrd, of Lexington. He has been in the service for about eight years and is now stationed at Bucharest. His bride is from an old and aristocratic family, her father, before his death, having been a leading politician and journalist.

Lieutenant and Mrs. Byrd will make their home at the Athenee Palace Hotel, during their stay in Bucharest.

## MISTAKES

When a plumber makes a mistake he charges twice for it.

When a lawyer makes a mistake it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake it's just what he expected.

When a doctor makes a mistake he buries it.

When a judge makes a mistake it becomes the law of the land.

When a preacher makes a mistake nobody knows the difference.

When an electrician makes a mistake he blames it on induction; nobody knows what that means.

BUT when an EDITOR makes a mistake it's HELL.

(Comes before it's due),  
But—'cordin' to the weather signs,

**ENOUGH**

A little lad who wanted a small  
brother was told by his mother to  
pray for one, and this he did until  
hope and patience were alike ex-  
hausted. Not long after, however, he  
was called to his mother's bedroom  
and shown three tiny brothers all in  
the same cradle.

For some time the little fellow  
stared, then he heaved a sigh of re-  
lief.

"Gosh!" he remarked solemnly,  
"just suppose I hadn't stopped pray-  
ing when I did!"

**WHEN CHRISTMAS COMES**  
By Abigail Williams Burton in  
St. Nicholas

When Christmas comes I never mind  
the cold.  
I like to get up prompt an' go to  
school,  
An' do my sums,  
An' clean the walks 'thout waitin' to  
be told—  
Though I like sleddin' better as a  
rule,  
Or buildin' forts—but nothin' ain't  
so bad,  
When Christmas comes.

When Christmas comes I'd just as  
leaf give half  
My cookie to the baby, an' take  
care  
About the crumbs.  
It's fun to make the little fellow  
laugh,  
An' I don't mind his taggin' every-  
where,  
He can't help bein' little; I'm not  
mad  
When Christmas comes.

When Christmas comes I don't for-  
get to give  
My shoes a wipe, an' scrub my  
ears a lot  
Till my head hums.  
An' mother says, "That boy's too  
good to live!"  
But I'm not 'fraid of dyin,' 'cause  
I'm not  
No different from always—only  
glad,  
When Christmas comes!

There was a time when a girl  
needed two Saratoga trunks to  
hold her duds when she went on a  
vacation. But nowadays, she can  
pack all she is going to wear in a  
cigar box.

A sure sign of middle-age 'is  
when a man reads the front pages  
of his newspaper before he turns  
to the sporting page.

### GIRL SUICIDES BECAUSE OF DECLINING LOVE

Miss Betsy Tevis, descendent of an  
old Richmond, Ky., family, killed  
herself on Thursday night because  
of the collapse of her ten-day ro-  
mance with a young man of pro-  
fessed high social standing who  
turned out to be the son of a man  
who formerly kept two saloons in  
New York.

The young man, who is 23 years  
old, tall and handsome, was intro-  
duced to the Southern girl at the  
Piazza Hotel ten days ago. He is  
alleged to have posed as the son of  
a family of great social distinc-  
tion.

He cannot be classed as a fortune

hunter because his father, said to  
be worth more than \$1,000,000, has  
two saloons and a moving picture  
house in the heart of Manhattan.  
The social adventurer is himself in  
the insurance business.

Funeral services were held Mon-  
day in the chapel of St. George's  
church.

The body was brought to Ken-  
tucky for burial.

### "Thine Is the Glory"

This painting, which hangs in National Headquarters of the American Red Cross, Washington, depicts the homage of America's fighting men to American womanhood as mobilized for service in the World War by this organization. It is the collaborative scientific and art creation of Major Joseph Gray Ritchett, late of the General Staff, U. S. A., and E. Luis Mora, of the New York School of Art. The face of the central figure is a composite of the features of a thousand Red Cross workers selected for the purpose.

### PANGBURN POST TO MEET SUNDAY

Adjutant Lewis H. Kilpatrick, of the Pangburn Post, has issued the following notice to the Legionnaires of Montgomery county:

"Members of the Pangburn Post are called to meet in the Legion Club Rooms, third floor of the Reynolds Building, Sunday afternoon at 2:00 o'clock, December 19th, for the purpose of electing officers for the year 1921.

"Your presence at this meeting is vitally necessary, that you may influence with your voice and vote the future policies and welfare of the American Legion in this community."

The Adjutant also invites all Montgomery county veterans who are not American Legionnaires to attend the meeting next Sunday, learn the objects and get into the spirit of the organization and enroll themselves with their buddies as members of the Pangburn Post.

During the present year the membership of the Post has tripled; club rooms have been secured and comfortably furnished, and every effort has been made to secure adequate government compensation for those local veterans who were disabled in service. The Post officers are in close and constant touch with Federal Bureau and Legion Headquarters officials, and they are planning for the coming year an even more thorough and helpful organization for their fellow members.

### FARMERS

### DANCE SELVES UNLESS FEDERAL SYSTEM CHANGES

Unless the government takes some immediate steps to finance the farmers in their pressing needs, the farmers may lay plans to create their own agricultural banks throughout the nation. This was the gist of proposed action at Indianapolis last week, when President James R. Howard called into session the American Farm Bureau Federation, representing some thirteen million farmers. It asks that the federal reserve bank system be modified, which now loans money to dealers in farm commodities over which the producer has lost control and which glut the market due to the calling of his short-time loans. The total loss on farm commodities, including livestock, was estimated at ten billion dollars, as result of recent price declines. These first and exclusive pictures from Indianapolis show, upper and lower panels, delegates to the convention: Center, left to right, J. W. Coverdale, national secretary of the A. F. B. F.; Governor Goodrich of Indiana; President, James R. Howard of the A. F. B. F.; and Gray Silver, Washington representative of the American Farm Bureau.

## Schwab Says Present Condition Aids Business

The existing slump in business is only the natural transition of industries returning to a normal basis from speeding up of production made necessary by the war, declared Charles M. Schwab, chairman of the board of directors of the Bethlehem Steel Corporation, in an address at New York Saturday night at the annual dinner of the Pennsylvania Society.

"I want to go on record here," said Mr. Schwab, "as saying nothing could be healthier for American

business than the very condition through which we are now passing. The severer the storm now, the quicker it will be over and the sooner we can emerge into clear weather and shape our course upon the sea of prosperity."

Commenting upon the status of unemployed laborers, Mr. Schwab stated that "the great need of the world today is to work hard and save."

This, he said, applies to men of means, as well as working men. The man who fails to work was characterized as a "slacker" who "deserved no place among honorable men." The foreign trade of the United

States depends upon the power of business men to think "internationally." Mr. Schwab said in advocating the plan of trusting in the good faith and productive power of Europe by sending raw materials, and accepting in payment securities representing their producing activities.

As a whole the view Mr. Schwab took of the future was a most optimistic one.

It may seem paradoxical, but the dumbest men in the world are those who do the most things.

A bright sunny face makes fine weather in the world any day in the week.

## CHRISTMAS ONCE IS CHRISTMAS STILL!

The silent skies are full of speech  
For who hath ears to hear;  
The winds are whispering each to each;  
The moon is calling to the meach;  
And stars their sacred wisdom teach  
Of Faith and Love and Fear.

But once the sky its silence broke,  
And song overflowed the earth;  
The midnight air with glory shook;  
And angels mortal language spoke,  
When God our human nature took  
In Christ the Savior's birth.

And Christmas once is Christmas still;  
The gates through which he came,  
And forest wild and murmuring hill,  
And fruitful field and breezy hill,  
And all that else the wide world fill,  
Are vocal with his name.

Shall we not listen while they sing  
This latest Christmas morn,  
And music hear in everything,  
And faithful lives in tribute bring  
To the great song which greet the King

Who comes when Christ is born?

Residence and about 8 1/2 Acres of Land

Known as the "Hunt" home place, on the North side of Winn street, in Mt. Sterling, will be offered for sale at the Courthouse Door in Mt. Sterling, at 1 O'clock P. M. on

**Monday, December 20th, County Court Day**

Said property to be offered in two tracts and then as a whole  
Possession to be given January 1st

TRACT NO. 1—Consisting of the residence and about 1 1/4 acres of land. Said residence is a two-story frame, containing six rooms, two large porches, bath room, pantries, closets, cellar, etc. It is equipped with electricity and natural gas and city water and sewer connection. Also cistern. The yard and garden constitute one acre of land, the fraction of about one-fourth above mentioned being a grass lot, and the location is all that one could desire. There is an abundance of fruit of all kinds on this place, including an extensive grape arbor, also many nice shade-trees. The usual and necessary outbuildings are here.

TRACT NO. 2—Containing about 5 1/2 acres of old blue grass sod (subject to survey), lying just outside the city limits and connected with the residence property above mentioned, and also with Winn street at the immediate city limits. With the exception of one year (some 10 or 12 years ago), this land has not been plowed for 40 years. It is what is known as Walnut land and has on it a number of large walnut trees. It is well watered and lies well and with proper handling is susceptible to a subdivision to the city of Mt. Sterling.

All of this property is situated in that end of the city where property is most sought after and which has grown more rapidly and substantially than any other section. The neighborhood is ideal.

### \$100,000 IN GEMS STOLEN

#### FROM NEW YORK CHURCH

Detectives are searching for a  
claw to the \$100,000 worth of dia-  
monds and pearls stolen from a  
monstrance in the St. Vincent Ferrer  
Church.

The robbery was discovered early  
Saturday when a lay brother of the  
parish house entered the church to  
ring the angelus. The priest turned  
on several lights at the rear of the  
church, but after finding the taber-  
nacle open and the monstrance gone  
made a search of the church.

In the meantime, according to the  
story told by the priest, the thieves  
had turned off the lights and fled.  
The poor boxes later were found  
rifled of their contents. This is the  
second robbery in the church within  
a short time.

The monstrance was later found

in a sacristy. The thieves had pried  
out the diamonds, twenty in num-  
ber, and also many pearls, from the  
monstrance. Some of the precious  
stones with which it was set were  
the gift of Mrs. Kate Gilly, a mem-  
ber of the parish, living in Mount  
Vernon.

The priests of the parish house  
believe the thieves must have entered  
the basement of the church Friday  
night during a meeting held there.  
Waiting until the sexton locked up  
they crept up stairs to the high al-  
tar and broke open the tabernacle.

### \$150,000 BAIL FOR MARTIN IS SUGGESTED

Unless Joseph M. Huffaker, Com-  
monwealth's Attorney, and Loraine  
Mix, his assistant, change their  
minds before tomorrow, George L.  
Martin, wrecker of the German Sav-

ings Fund Company Building Asso-  
ciation, will have to raise at least  
\$150,000 bail in order to spend the  
holidays elsewhere than in the coun-  
ty jail.

James P. Edwards, attorney for  
Martin, made a formal motion for  
bail yesterday and if counsel cannot  
agree on the amount Judge Robin-  
son will hear arguments on the mo-  
tion Friday.

He said he would be guided by  
recommendations of representatives  
of the Commonwealth, following  
which Mr. Mix expressed the belief  
the amount should be large, naming  
\$150,000 as the minimum.

It was said yesterday a proposi-  
tion has been made looking to a  
compromise whereby the Common-  
wealth will agree on a sentence of  
five years in the penitentiary for  
Martin, but that Mr. Huffaker and

Mr. Mix have refused to consider it.  
The latter is said to regard twelve  
years as the lightest term he will  
consider recommending to the court.  
Martin's first trial is set for Janu-  
ary 18th.

### JESUS THE RECONSTRUCTOR

The Lord hath anointed me to  
preach good tidings unto the  
meek;  
He hath sent me to bind up the  
broken-hearted,  
To proclaim liberty to the captives,  
They shall build the old wastes,  
They shall raise up the former deso-  
lations,  
And they shall repair the waste  
cities.

A sure way to become unpopu-  
lar is to be so well pleased with  
yourself that you are displeased  
with everybody else.

### LO, POOR INDIAN IS A MODERN FARMER

Chief Little Chief

Despite the wealth many In-  
dians of the southwest are enjoy-  
ing as a result of great oil finds  
on their land, the leading tribes  
have not lost the instinct for  
tilling the soil—refuting the old  
idea that the red men "did not  
care to work." There are thou-  
sands of Indian farmers in Okla-  
homa, Montana, Dakota, Kansas,  
Arizona and New Mexico. And  
they are even more willing than  
some white men to take up the  
use of modern implements: trac-  
tors, motor cultivators, etc. Pic-  
tures are of Chief Little Chief of  
the Cheyenne Indians, who is con-  
tinually urging his tribe to work  
their farms and not sell or lease  
them. The harvesting picture is  
a Cheyenne Indian farmer cut-  
ting oats with a binder pulled by  
a tractor.

condition, I thought he would die.

Dr. LeGear's Stock Powders build  
up the body, vitality and muscular  
energy of your horses and mules, in-

The cotton crop, which began the  
season in the worst condition in 50  
years, has turned out to be the big-  
gest crop since 1914, with a produc-  
tion of 12,987,000 bales, according to  
final estimates announced Mon-  
day by the department of Agriculture.

### SANTA CLAUS

Beyond the ocean many a smile,  
And many a year ago,  
There lived a wonderfully queer old  
man

In a wonderful house of snow;  
And every little boy and girl,  
As Christmas times arrive,  
No doubt will be very glad to hear  
The old man is still alive.

In his house upon the top of a hill,  
And almost out of sight,  
He keeps a great many elves at  
work,

All working with all their might  
To make a million of pretty things  
Cakes, sugar-plums and toys,  
To fill the stockings, hung up, you  
know,  
By the little girls and boys.

It is impossible to browbeat a man  
into a patriotic, religious or any  
other state of mind.

He may, for a moment apparently  
accept the browbeater's points of  
view, but he's only waiting until he  
gets out of reach to resume his own  
state of feeling again.

A man must be shown why he  
should be patriotic, religious, or  
whatever you want him to be.

A man wants to know what ad-

He has a right to know. The
